

"Phenomenal" prophecy information!

Dear friends:

This morning a friend pointed out to me a video of a profound TV program by J.R. Church and Gary Stearman of *Prophecy in the News*, whose scholarship I have always greatly respected. A guest on the program is Pastor Mark Biltz, whose teaching emphasis is Jewish roots and who has also extensively studied the dates of solar and lunar eclipses from NASA and other astronomical resources, and how they line up precisely with Jewish feast days in the year 2015.

Concerning what has been discovered, the normally calm and studious J.R. Church exclaimed, "**This is phenomenal!**" I agree. I have just watched the program two times and do not think I have ever been more encouraged or excited about the soon return of the Lord! I urge you to watch this 30-minute program as soon as possible at <http://66.155.114.80/video/Dsl/5904-D.wmv>

I will give you a sample...

They begin their discussion about how the Bible reveals that just before the Lord returns there will be signs in the heavens, the sun darkened, the blood turning to blood, etc. God promised "signs," or celestial indicators that certain things are about to come to pass.

The year 2014-2015 on the Jewish calendar is a Jewish sabbatical year, as is 2008, which is prophetically significant.

A "tetrad" is a rare series of **four blood red moons**. This will not only happen in 2014-2015, but it is a historical rarity that they will all be on significant Jewish feast days.

Get this: Pastor Biltz has discovered that the last time it happened was in **1967**, the year of the miraculous Six-Day War when the Temple Mount was captured, and the one before that was just after Israel became a nation in **1948**, all truly historical and prophetic years. This is extremely significant. Those two years, 1967 and 1948, are two of the most significant years in all of history.

In 2014-2015 there will be 4 lunar eclipses and 2 solar eclipses, all on Jewish holidays, including Rosh Hashanah in 2015! This will not happen again in this century.

They discussed that 2008 is also a sabbatical year, and that **2015 minus 7 years is 2008**, and the possibility that the 7-year Tribulation will begin in the fall of 2008! In connection with this, they noted the ominous signs of imminent war in the Middle East, possibly nuclear. If that is true, this means the rapture could literally be at the door! Be ready. Do not be caught asleep, or your lamps without oil. Be filled with the Spirit, and as Jesus exhorted, "Watch!"

The above is just a taste to whet your appetite. The video includes much more.

If you are not able to watch the video, J.R. says it will all be in the May edition of his magazine which you can order it at 1-800-475-1111. Please consider subscribing to this excellent resource. J.R. and Gary produce the best, in-depth prophecy studies available.

Dear friends:

On April 26, I forwarded a video link where on their TV program J.R. Church and Gary Stearman, with guest Pastor Mark Biltz, share about very unusual signs in the heavens coming in the years **2014-2015** by way of a rare combination of solar and blood red lunar eclipses. That message is at:

<http://www.injesus.com/index.php?module=message&task=view&MID=NB007EIS&GroupID=2A004N9G> . These sound like the signs of His coming as described by Jesus.

This morning another remarkable and related discovery was reported to me by Tom Gaston, a diligent, long-time watchman.

As you probably know, the *Strong's Concordance* assigns a reference number to every Hebrew and Greek word in the Bible. It also includes a description of what that word means, expanding the English translation contained in our English Bibles. On my computer as part of the Logos Library System, I have the *Enhanced Strong's Lexicon*.

Here is the remarkable discovery by Tom:

About the number **2015**, Greek word epiphaneia, *ep-if--an'-i-ah*, my *Enhanced Strong's Lexicon*, says it means:

"...the advent of Christ... that illustrious return from heaven to earth to occur in the future." (It is usually translated as "appearing" in our Bibles.)

Number **2014**, the Greek word epiphaino, *ep-ee-fah'ee-no*, means to shine upon, appear, give light.

This discovery is stunning. The signs in the heavens in **2014-2015** reported by J.R. Church are phenomenal. The Greek meaning of the numbers **2014 and 2015** are also phenomenal!
